Getting to the Hotel from the Airport

Arriving at the Airport Hamburg Fuhlsbüttel, you can take the Airport Express Bus to the main railway station 'Hauptbahnhof' (Central Station) and from there take the SBahn (city rail) to Dammtor just follow the 'S' signs. You need to get the S 21 or S 31 (direction Altona or Elbgaustr.). You can check the attached public transport plan for a detailed rail map.

From the Airport you can alternatively, take the S-Bahn (city rail) line S1 to Ohlsdorf and change to S-Bahn lines S21 or S31, which will take you directly to the Dammtor railway station. From there it is a five minutes' walk to the hotel.

Arriving at the Airport Lübeck Blankensee there is a bus transfer to Hamburg Zob (the central bus station) close to Hauptbahnhof (central station). You will need to cross over to Hauptbahnhof to get the S-Bahn as described above.

For those of you whose hotel is located at central station the most convenient public transport is the airport bus.

From Dammtor Bahnhof take the exit towards Universität (university), then cross the Edmund-Siemers-Allee at the first pedestrian lights and keep left, passing the old domed structure of the university on your right. The university has two modern wings, after the second one turn right through a small green to the hotel.
